José Pablo Castillo Jiménez

Front-end Web Developer

As a Fron-end developer, I'm looking for a position that allows me to apply my knowledge and technical skills in website development. My objective is to work in a collaborative environment where I can learn and grow as a professional while contributing to the design and development of web projects. I am committed to continuously learning and keeping up with the latest technologies and frameworks used in the field of web development. I am looking for opportunities to further develop my experience and skills by providing creative and functional solutions that enhance user experience and contribute to the success of projects.

Freelance

Enero 2022 - Present

Collaborating in the development of web applications that include: DOM manipulation, development of responsive and reusable components, and handling data through APIs.
